WHAT'S IT COMING TO?

October automobile output in the United States was 334,966 passenger cars, and 30,141 trucks, including fire apparatus and street sweepers. Increase over October of 1922 may be seen in the totals of 217,566 passenger cars and 21,795 trucks produced in October last year.

A PEARL NECKLACE may be obtained FREE by saving slips from our Three Crow goods. We enclose a booklet of information wrapped around each bottle of our Three Crow Extracts. If your purchase does not have a booklet, it will be a pleasure for us to mail you one on request. We will mark and hold a Necklace for Christmas if you wish. Come in person, telephone or write and you will be courteously waited upon. JOHN BIRD COMPANY, BIRD Block, Tilton Avenue or Sea St., Rockland, Maine. 125-1f

THE CITY ELECTION

Officials Chosen Next March
Serve Until 1926 — Col.
Hurley Is Willing.

In reply to many questions as to the length of the term which the next City Government will serve The Courier-Gazette quotes Section 31 of the new City Charter, thus:

"Provided, however, that the elective officers holding office at the time this charter is accepted by the voters of Rockland, shall continue to hold their office for the term for which they were elected, and the first city election under this charter shall be held on the first Monday of March, in the year A. D. 1924, and the term of office of all officers elected for the first time under the provisions of this charter shall expire on the first Monday of January, in the year A. D. 1926."

In other words, the City Government elected next March will serve until January, 1926, when it will be succeeded by a new City Government which will have been elected the preceding month—December, 1925. All city elections after that of next March will be held in the month of December biennially.

Who will be the first mayor under the new charter?

You tell us, and we will tell you Mayor Brown has told his friends that he will not be a candidate to succeed himself, and there is an air of finality about his statement which leads them to believe that he means what he says.

It may be that the Democratic leaders already have a man slated, but if so the news is being kept strictly sul-

The Courier-Gazette has heard of a movement in some quarters to make Frank C. Flint mayor again. The genial baker served three terms in that capacity and whether he would care to repeat his troubles is not known.

There has also been some talk of naming Charles M. Richardson, who has been postmaster and city marshal of Waterville and sheriff of Kennebec county, but who has been devoting himself strictly to the grain business since he came back to his native city.

There's no hesitation on the part of Col. William P. Hurley, who was Mayor Brown's opponent in the last Democratic caucus.

"Take it?" said he, "of course I'll take it, and I believe I can give the city a good administration."

The former governor of the National Soldiers' Home chafes at his anchor and finds idleness extremely irksome.

His experience at Togue gave him the responsibility of handling large sums of money, and he has had experience in city affairs while four years a member of the board of assessors. Friends say that it would be the crowning act of his political career and that he would give first class administration.

Thus far there has been no discussion of Republican candidates, but it goes without saying that on a Presidential year, and under a new charter the party will advance the strongest possible candidates, and make a fight befitting Presidential year.

WERE GUESTS OF FORD

Maine Grand Army Men Had
A Pleasant and Unlooked
For Experience in Detroit.

An interesting story which has recently come to light with regard to the National Encampment of the G. A. R. which was held at Milwaukee in September, has to do with a visit of the Maine delegation of veterans to the Ford plant at Detroit, says the Kennebec Journal.

The members of the Maine delegation under the leadership of Jas. L. Merrick of Waterville went on a sight-seeing expedition while in Detroit, and desired to go through the Ford plant. One of the members of the party called the Ford plant on the telephone and asked for permission to inspect it. Mr. Ford asked what delegation this was and was told that it was the Maine delegation to the National Encampment of the G. A. R. He then asked how many veterans there were in the party and was informed that there were 54.

Permission was granted them to visit the plant and when they arrived the superintendent was there to meet the group. He conducted the veterans throughout the entire plant and they saw every operation that goes to make one of these automobiles. They stayed in at one end of the plant with the making of the small parts of the automobile and followed the belt upon which the car was assembled until they saw the finished automobile driven off the other end under its own power. This inspection tour consumed a long time and the men were greatly interested by the many sights that they witnessed.

As they prepared to leave the factory, Mr. Ford appeared and inquired if they would not like to see one of the kitchens attached to the plant. Upon their answering in the affirmative, they were conducted by him to a large room in which were tables and upon these tables were placed 54 plates. The soldiers were then treated to a fine dinner which had been prepared for them at Mr. Ford's orders.

This was one of the happiest memories to these men of their encampment and the fine trip which they took. Everywhere they were treated with the greatest of courtesy, but this kind act on the part of Mr. Ford, who although busy with the care of his large plant, could still find time to look after the comfort of these veterans of the Civil War, will always be remembered by them as one of the outstanding features of the trip.

Senator James E. Watson of Indiana may become a candidate on the Republican ticket for the nomination for president "if for no other reason than to win the Indiana delegation from Hiram Johnson," he announces.

NATIONAL RADIO WEEK

Some Wonderful Programs Will Be
Furnished For the Fans Next Week.

Radio with all its wonders will be at its best during the National Radio week, Nov. 25 to Dec. 1.

Radio has become the greatest national home amusement and pastime. No town, village or hamlet is too small or too far away to have its many radio enthusiasts. Thousands of those tied down to home duties who cannot otherwise know the joys and thrills of masterful musical productions now have the world's artists brought to their own firesides.

In the sports field, radio has again made life more cheerful. The best of sports can only have limited audiences but with the broadcasting of every event of importance, the limits have been put away—everybody and anybody can follow the sports with a radio set.

In time of national danger, fire, flood or other of nature's disasters, the value of radio can never be fully appreciated.

No home is complete without its radio equipment. Every broadcasting station is planning on the finest program ever produced, for National Radio Week—following this general outline:

Sunday, Nov. 25—Religious programs.

Monday, Nov. 26—Radio and the stage.

Tuesday, Nov. 27—Government day. Afternoon for children.

Wednesday, Nov. 28—Thanksgiving Day; Sports.

Friday, Nov. 29—Education day.

Saturday, Dec. 1—Radio in the home.

Senator Capper, Republican of Kansas, chairman of the Farm Bloc announces that he favors Senator Curtis of Kansas, the Republican whip for President of the Senate in opposition to Senator Cummings, Republican of Iowa. Selection of Senator Curtis as presiding officer of the Senate had been regarded generally as almost a foregone conclusion.

SCOLDS OBADIAH

Bath Editor Cannot See Why
Rockland Man Should Support
St. Lawrence Waterway.

The Bath Times takes Obadiah Gardner severely to task for supporting the St. Lawrence waterway, and finds it impossible to conceive that a Maine man would favor a project which is against the interest of his own State. Editorially the Times says:

"If some of the Western States can have their way there will be vast sums of money paid from the national treasury to build the proposed Great Lakes St. Lawrence and Atlantic Waterway. The promoters of this project declare that, with the building of such a canal, ocean liners will take on their loads of grain at the Great Lake ports and proceed directly to Europe, thereby eliminating the sending of grain to tide-water by rail and then transferring it to ocean steamships. Of course, they plan on shipping other things besides grain but the latter is the big crop of many of the states interested and of the provinces across the border. To be sure such a waterway would be of little use for many months in the year, when it would be closed by ice, and the states through which it passes are in a menace to the Eastern States and the Atlantic ports there is no question.

"The same States that oppose the giving of subsidies to ships do not hesitate to approve this plan, which would cost the government billions to help their section of the country. It may benefit them but the taxpayers in those states who would be injured rather than helped by the project must share their part of the burden.

"Obadiah Gardner of Rockland, who has served in the United States Senate and as a member of the International Boundary Commission says that he is willing to bet that nobody gets the Presidential nomination of either party who does not favor the construction of the St. Lawrence waterway," and declares that twenty-two states are lined up in its favor. We cannot imagine a Maine man, or one in any of the Eastern coast states, who would favor the spending of such a huge sum as this would require to benefit one section of the country at the expense of his own."

SOME AUTUMNAL BOOKS

"The Young Knight," by I. M. B. of K. A story of the Order of the Knights of Saint John with the child Michael Faversham as its hero. Always in some mischief, his pranks generally turn out to be means of disclosing plots of the enemy, thus saving him from punishment, and eventually he becomes an honored member of the Order. Captured and tortured by the enemy he remains true to his faith and at length escapes and rejoins his comrades. Published by L. C. Page & Co.

"King Tut-ankh-amen," by Archie Bell. This story takes the reader back to several hundred years before the Christian era. Like many tales of these days, it is replete with intrigue, murder and treachery. After much suffering right triumphs and the right queen is restored to her people. She marries Hermonthis, otherwise Tut-ankh-amen, and they reign over Egypt until a mysterious disease appears and brings the story to a rather unsatisfactory conclusion. Published by the St. Botolph Society, Boston.

"The Scarlet Macaw," by G. E. Locke. An exciting detective story, in which theft, murder and other crimes are involved. More than one detective gets on the trail, and a woman runs the criminals down at last. The Scarlet Macaw is killed to prevent him from repeating words which might furnish a clue to the real criminal, but before his death a name escapes him, the clue is followed up and after a long series of mistakes and false deductions the criminals are found. The story is told in such a skillful manner that the reader is kept guessing until the climax is reached. Published by L. C. Page & Co.

"True Indian Tales from American History," by James Otis. Very interesting and absorbing tales of early settlers and their encounters with the red men who committed deeds of cruelty whenever an opportunity presented itself. Those who are familiar with Portland, Maine, will be especially interested in noting the situation of the dwellings and garrison houses. A plan is given of Portland, then known as Falmouth Neck, showing the location of the meeting house, the burying ground and many other places. The first two hundred pages nearly all relate to occurrences in and about Portland. Other stories tell of Lake Champlain, Israel Putnam the French and Indian war, the heroism of women and children, and all is told in such a way as to hold the attention to the very end of the book. Copyrighted by L. C. Page & Co. Printed by C. H. Simonds Co., Boston.

YOUR FAVORITE POEM

THE LOVE OF COUNTRY AND HOME

There is a land, of every land the pride,
Beloved by heaven, o'er all the world beside;
Where brighter suns dispense the life-giving light,
And milder moons enwrap the night;
A land of beauty, virtue, valor, truth,
Time-treasured age, and love-exalted youth;
The wandering mariner, whose eye explores
The wealthiest isles, the most enchanting shores,
Views not a realm so bountiful and fair,
Nor breathes the spirit of a purer air;
In every clime the magnet of his soul,
Touched by remembrance, trembles to that pole;
For in this land of heaven's peculiar grace,
The heritage of nature's noblest race,
There is a spot of earth supremely blest,
A dearer, sweeter spot than all the rest;
Where man, creation's grant, casts aside
His sword and sceptre, pageantry and pride,
While in his softened looks benignly blend
The sire, the son, the husband, father, friend;
Here woman reigns: the mother, daughter, wife,
Strews with fresh flowers the narrow way of life;
In the clear heaven of her delightful eye,
And angel-guard of loves and graces lie;
Around her knees domestic duties sweet,
And fireside pleasures gambol at her feet.
"Where shall that land, that spot of earth, be found?"
Art thou a man?—a patriot?—look around;
Art thou a child, however thy footsteps roam,
That land Thy Country, and that spot Thy Home!

—James Montgomery.

The MOC-SHU

For Every Sport

Worn and approved by sportsmen the world over, the Moc-Shu's reputation of superiority goes further than comfort and service.

It's better because it's a specialized moccasin boot—each model adapted in design and material to the specific requirements of your sport.

Models for hunting, snowshoeing, skating, skiing, golf—any of the many sports. Sturdy, waterproof soles, leather oil tanned at our own factory. Handsewn vamps. Why not try on the Moc-Shu at your local dealer's?

Sawyer Boot & Shoe Co.

Bangor -- Maine

Home Industry that Has Paid Dividends for 29 Years

Beginning in a small way 59 years ago, the Sawyer Boot & Shoe Company has grown until now it is the largest manufacturer of Moccasins in the world. Today, the Company, despite the tremendously increased output, is months behind on orders. Extensive additions to the plant—increased sales force—many other plans—are under way. To accomplish this, additional capital is needed, and the company offers an opportunity to share in its future business through investment in its preferred stock.

Would you be interested to know that for 29 years dividends have been paid without fail—that Sawyer Moccasins are being sold the world over—that the business today is managed by the sons of the founders—with the same conservative ideals that have put the name Sawyer to the front?

Would it satisfy you to possess a stock that is rated at 7% plus? A comprehensive presentation of facts concerning Sawyer stock is detailed in a booklet, which is yours for the asking.

The Courier-Gazette

THREE-TIMES-A-WEEK

CIRCULATION AFFIDAVIT

Rockland, Nov. 27, 1923.
Personally appeared Frank R. Lytle, who on oath declares that he is president in the office of the Rockland Publishing Co., and that of the issue of The Courier-Gazette of Nov. 24, 1923, there was printed a total of 6,215 copies.
Before me, FRANK R. MILLER, Notary Public.

THE GOODNESS OF GOD:—Thou openest thine hand, and satisfiest the desire of every living thing.—Psalm 145:16.

LET US GIVE THANKS

Knox County as a community and the people of it in their individual capacities may address themselves to the observance of Thanksgiving Day in the assurance that for multiplied reasons they are justified in entertaining the spirit of thankfulness in which the day three centuries ago was first observed in New England. We have for the most part in the year past prospered, there has no evil befallen us, neither has any plague come nigh our dwellings. Let us in a becomingly grateful spirit turn our faces to the contemplation of these manifestations of goodness and return thanks for them out of appreciative hearts.

The announcement that the Chamber of Commerce is to oversee the Christmas-making of Main street is a happy announcement. The work of decoration carried out as planned will lend great atmosphere to the holiday season and infuse into the whole community a spirit of warmth whose influence will radiate into the whole surrounding country. Let us all take part in it.

The excessive rain of Saturday was a sore interrupter to the Rockland Red Cross roll call and it should not be thought surprising that under the circumstances the total of membership registered fell below the figures of the past year. But the work of enrollment should not be left uncompleted. There remain yet unregistered many constant subscribers to the work who need only to be seen in order to retain their names upon the roll for another year. Also it is proper to point out to such that if they will take the trouble to send their dollar to Red Cross headquarters in Bicknell block they will appreciably help the matter forward. It should be borne in mind that these phases in maintenance of the work are carried on through the voluntary labor of a small group of business men, whose sole interest in the connection is the promotion of the community's general welfare. To the extent that citizens generally lend a hand the work widens and prospers.

When Prof. Mitchell of Bowdoin College landed in the city the other evening to address the Baptist Men's League, he concluded to walk to the church. It would help his appetite for the noble supper that he knew was awaiting him. His mind proving a little vague as to location, he was highly gratified when he directly came upon a brilliantly lighted church building. "Ah, ha," he said to himself, "here it is," whereupon he entered in and smilingly announced himself, only to discover that he had lighted upon the Methodist church supper. So with an apology he backed out and proceeded further up the street. "Here we are!" the professor cried joyfully, as another church ablaze with light arrested his progress; so again he entered in and announced his arrival, discovering this time that it was the Universalist church fair which had captured him. With further apologies he once more took up his march and as the next illuminated church building had to be the Baptist the professor found his search rewarded. "It was a case of the right church but the wrong pew," he thought, as for the third time he made known his expected presence in the city.

The story concerning Mrs. E. W. Berry's long missing brother, C. O. Walker, has attracted widespread attention. Mrs. Howard Rockcliffe of 16 Berkeley street, Rockland, informs a Courier-Gazette reporter that she and her husband were residents of Juneau in 1921, and one day in September of that year went with six of their friends to White Horse at the head of the Yukon river. On their return they stopped in Skagway, where Mrs. Rockcliffe and another woman in the party bought some beautiful asters and sweet peas from "The Most Northern Florist in the World." They were in ignorance of the fact that the proprietor was a former Belfast man, and Mrs. Rockcliffe's interest in the incident was revived when she read in The Courier-Gazette that he is supposed to be the brother whom Mrs. Berry has not heard from in 26 years.

POLITICAL BRIEFS

The Republican national convention will be held in Chicago in 1924, it was predicted by Fred W. Upham, treasurer of the Republican national committee, after he had conferred with Charles W. Hilles, Republican National committeeman from New York State. Formal ratification of the choice would be made at a meeting of the sub-committee to be held in Chicago, Dec. 11 and 12, he said.

Resolutions formally calling a convention at Detroit Dec. 12, endorsing Henry Ford for President on a ticket to be known as that of the People's Progressive Party, and outlining three planks of a platform to be submitted to the convention, were adopted by the group of Progressives, Farmer-Laborites, Independents and Liberals, headed by Roy M. Harrop, National Temporary Chairman of the Progressive party in Omaha Wednesday. Fifteen states were represented, according to a statement given out by Mr. Harrop.

The results of the South Dakota county proposal meetings in which William G. McAdoo is leading Henry Ford as a Democratic Presidential possibility, are characterized by Mr. McAdoo as "certainly very gratifying." Mr. McAdoo said: "My friends in South Dakota have conferred a great honor upon me by their endorsement." Turning to his criticism of the Treasurer's Department's stand on the soldier's bonus Mr. McAdoo declared the nation should take the soldier's bonus out of politics by paying the veterans in cash raised by issuing 50 year bonds and thus build an effective barrier against any future demand for pensions.

The Los Angeles Times, devoting a column to the arrival of Wm. G. McAdoo, has the following reference to another Presidential candidate from that State:

"There was considerable laughter for Senator Hiram Johnson, whom most of those present, regarding his case dispassionately from the standpoint of professionals, seemed to believe made a mistake in announcing his candidacy at the place and time chosen by the Senator. The defeat of Mr. Johnson and the nomination of President Coolidge by the Republicans was accepted as a foregone conclusion, and upon this basis a large share of the conversation hinged upon the hazards of a McAdoo-Coolidge contest."

Editorially the Times says: "It is expected that the name of William Gibbs McAdoo will avail to head off

any prospect for a Ford stampede in the Democratic convention. McAdoo is supposed to represent the things which Ford stands for better than Henry himself. He is in better repute with labor and the farmers are also supposed to be very kindly toward him because of his conduct of the railroads. It is also said that Brother McAdoo can drive a Ford in circles or up a tree with the use of one hand."

Gov. Baxter in reply to a query from a metropolitan newspaper as to his choice for the Presidency, telegraphed Monday: "Your telegram received asking my choice for the Presidency. President Coolidge is my first and only choice. His character, ability, and experience in public affairs qualify him in every respect for the Presidency. Moreover, the services he is now rendering entitle him to election at the hands of the people. In every way he measures up to the highest standards and I believe he will be nominated and elected by overwhelming majorities."

There is more likelihood than there was two weeks ago that there will be a wet plank in the Democratic platform adopted by the national convention next June says a despatch from French Lick, Ind., where a lengthy conference has been in progress. Since Charles F. Murphy went there and made his stand in favor of forcing the liquor issue to a national referendum, there has been a remarkable reaction to his statement indicating that a substantial part of the Democratic organization takes his view of the situation.

The Tammany leader is getting telegrams and letters from every section endorsing his position. They come from men of prominence, big business men, political leaders and from the rank and file. Not all of these who write in favor of a national referendum which Mr. Murphy says a presidential vote would bring on the liquor issue, are in favor of modifying the Volstead Act or restoring a more moist condition than now exists legally. Many, in fact, say they are dry. The sentiment of all is that conditions cannot go as they are, that prohibition has developed into a national evil which is doing more harm than the saloon ever did and that something must be done to settle the problem. Even those who say they are dry denounce bootlegging and illicit liquor selling.

There is a wide difference of opinion among the political leaders and those writing to Mr. Murphy concerning the probable result of a national vote on liquor. The view commonly expressed is that they have drawn a tremendous reaction against prohibition in the last two years because of the abundant evidence of its abuses and the growing belief that it never can be enforced in this country. Democratic leaders are becoming more convinced every day that if the reaction against prohibition continues to gain force in the next six months as it has in the last six a national vote would be cast against prohibition. Mr. Murphy is quite certain New York State is wet. Reports from the big Atlantic states and from the Middle West states all indicate that the wets are gaining in the opinion of the leaders.

One of the arguments advanced by those writing to Mr. Murphy is that the parties cannot afford to run away from an issue which is the most discussed subject before the people and one which undoubtedly closely relates to the welfare of millions.

THANKSGIVING DAY IN MAINE

Gov. Baxter in a proclamation issued Monday designated Thursday, Nov. 29, as Thanksgiving Day:

The people of Maine have reason to be thankful for the general material prosperity that abounds within our State. What is of far greater importance, the great body of our citizens are law-abiding men and women. For that and for the fact that the State is an ever growing sentiment for law observance and respect for law, we have reason to be especially thankful.

Maine with its background of noble traditions, with its high type of citizenship, should not rest content until there is a further moral awakening that will drive the lawbreaker, no matter how powerful he may be, from our midst, and will show those to whom he panders that their patronage of crime is undermining the foundations of the State whose protection they enjoy and whose blessings they share.

NOW, THEREFORE, I, Percival P. Baxter, Governor of the State of Maine, do hereby proclaim Thursday, Nov. 29, 1923, a day of Thanksgiving and Prayer in the State of Maine.

We all have been blessed in a measure far beyond our deserts. Let us pray that we may be humble and worthy to receive the Divine approval. Let our people give thanks to the Almighty for the countless favors He has bestowed upon us and let us resolve that hereafter Maine shall be the premier State in the observance of the laws of God and Man.

LEAGUE OF NATIONS

Will the Democratic Candidates Respond To President Wilson's Hint?

Politicians of all parties are impressed by the weight of former President Wilson's utterances of Saturday and Sunday last, and by the effect of these utterances in encouraging believers in the League of Nations to press for a reversal of America's verdict in rejecting the league. These politicians are now trying to estimate the political significance of Mr. Wilson's remarkable addresses.

The first point that will be agreed upon by all political observers is that the Democratic party is now unable to avoid committing itself again on the question of American membership in the League of Nations. The league may not be the principal "issue" between the two great parties, but it cannot be ignored, and no Democrat candidate can afford to oppose the strong element that President Wilson has aroused to fresh enthusiasm.

In 1920 the Democratic platform plank on this subject was in part as follows:

The Democratic party favors the League of Nations as the surest if not the only practicable means of maintaining the peace of the world and terminating the insufferable burden of military and naval establishments.

Upon that platform the Democratic nominee James M. Cox, led the party to the greatest defeat it ever suffered. There were other questions at issue, but the principal question was whether or not the country should approve of what Woodrow Wilson had done.

There are several Democrats who are popularly regarded as candidates for the Presidency. Some of them have declared their willingness to be drafted next year. But not one of them, excepting Mr. Cox, has spoken in favor of the League of Nations, a subject that was the first plank of the party platform in 1920. Mr. Underwood has said several times, "The League of Nations is not a political issue." Possibly he would be delighted if the League of Nations could be forgotten during the next campaign. Senator Ralston is merely a receptive candidate thus far, and his views on the League of Nations are not yet expressed. Gov. Smith of New York seems to be satisfied with his record on the liquor question. Gov. Silzer, also, is manifestly engrossed in domestic questions. Col. Bryan has recently said that the country would never consent to an arrangement which

would authorize foreigners to call out the United States army and navy; but perhaps Col. Bryan is not to be reckoned as a candidate for the Presidency. Mr. McAdoo, it is said, is about to declare himself a candidate, but no one yet knows how he stands upon the question thrust forward by his distinguished father-in-law. Finally, there is Henry Ford, who ran for office as a Democrat in 1920. If he has any opinion concerning the League of Nations he has concealed it from his admirers.

All these candidates, sooner or later, must approve of American membership in the League of Nations or face the alternative of stout opposition in the party, an opposition led by Woodrow Wilson and inspired by a sentiment that takes no thought of political consequences.

Can the next Democratic national convention silence the demands of the champions of the League of Nations? Can the party turn its back upon the broken pillar of its greatness? Woodrow Wilson was the Democratic party for eight historic years. He held it together and molded its thought. It is now "what he made it, and its latest creeds are those which he originated. Who is the Democrat who would strike off the name of Woodrow Wilson from the list of Democrats, and erase from the party platform all reference to the League of Nations?

There is one—Senator Reed, of Missouri. But Senator Reed is not a Presidential candidate, he is excommunicate, and he is from Missouri. He is violating the laws of logic by remaining in public life after the mandate for his elimination had been delivered. He is not a typical Democrat, although he may be a typical Missourian.

The typical Democrat, the candidate who will find favor in the eyes of the Democrats, must be a man who has set forth in the last national platform. He must subscribe to the League of Nations as the surest means of maintaining the peace of the world. He must be deserving of the papal benediction of the all-highest infallible author and finisher of Democratic doctrine.

Now is the best time for Democratic candidates to declare themselves. A reluctant, lukewarm approval of the League of Nations would not be suitable in any candidate who should seek the approval of Woodrow Wilson. "That we shall prevail is as sure as that God reigns" are the ringing words of the covenant. There is no compromise there. He sounds the tocsin for another crusade. He will gladly hand his mantle to a fiery Coeur de Lion, a redoubtable champion who will fight for the League of Nations. But he who dares is a dastard, and he who doubts is damned.

James M. Cox may not be chosen again to lead the Democratic hosts, but at least he has placed himself squarely on the party platform. The other candidates must follow suit or face the wrath of Woodrow Wilson and his followers. West or East, North or South, the candidates must come to the issue. Those who declare themselves first, and in the strongest terms, will be the best entitled to orthodox Democratic support.—Washington Post.

TO SOLVE THE GIFT PROBLEM THIS CHRISTMAS

What is more fully appreciated and will go further for your money than Photographs? Give your friends something they cannot buy—your Photograph. To avoid congestion, have sittings early. Give us time to finish your work then get it when you want to.

BURPEE FURNITURE CO.

CHRISTMAS SPECIALS

FURNITURE GIFTS are more popular each year as they contain the value of utility and durability as well as beauty and refinement. Our display of furniture novelties and the more dignified regular pieces will be a really pleasant surprise for you. Here you will find many gift suggestions. Come in and look around.

Delightful Hope Chests, \$14.00
Roomy and Beautiful—of Cedar,

For the young girl as a Hope Chest; and for any home as a place for safe-keeping furs and fine clothing. The fact that they are made of genuine red cedar makes them absolutely mothproof. What more practical gift could you give her? In addition to these styles, we have many others, ranging in price from \$12.00 to \$40.00.

VISIT OUR TOYLAND

For the Home Beautiful, Junior and Bridge Art Lamps, \$15.00

From this comprehensive lot of lamps you should be able to select exactly what you want. The bases are in polychrome and the shades in silk of blue, rose, mulberry, taupe and gold-black combination, trimmed with silk fringe, and underlined with a color that harmonizes. It is impossible to portray their beauty here. We suggest that you come in and see for yourself. Others from \$12.00 to \$30.00.

LARGEST TOYLAND IN MAINE

Enjoyment of Writing Comes With a Spinnet Desk, \$29.00

An inexpensive gift that will be most heartily enjoyed. Under the top, which folds back, there is a writing space with convenient spaces and drawers for stationery, stamps, etc. These spinnet desks may be had in either walnut or mahogany.

BRING THE KIDDIES TO TOYLAND

Cozy and Cheerful Boudoir Lamps

With silk shades, trimmed with fringe—or artistically decorated parchment shades. The bases are in mahogany, polychrome or pottery. The prices vary with the style and size from \$3.75 to \$12.00. Each is a value that is deserving of your consideration.

Shop Early

Weather This Week

Weather outlook for the week beginning yesterday in North Atlantic States: Considerable cloudiness, occasional rains Tuesday and again toward end, normal temperature.

Christmas, 4 weeks—shop early.

The Venetian Melody Boys are at Temple hall tonight.

Aurora Lodge, F. & A. M., has a special meeting tomorrow night with work on the Master Mason degree.

The new section of paving on Park street is now completed. Ride or walk, lower Park street offers the real goods.

Two deer, one of them a large buck, and a good bar of birds constituted the prize which Edward Edwards brought home from the big woods last week.

Everett N. Hobbs of Hope exhibited a dozen delicious apples of his raising at the Portland fruit show last week, and had the satisfaction of bringing home first prize.

Mrs. Kate Kirkpatrick and daughter Miss Flora Kirkpatrick have moved into their charming new bungalow which they have built on the north side of Grove street.

The election season is near at hand for the local fraternities. Clarendon Commandery, K. T., heads the list, the date of its annual meeting being next Monday night. King Hiram Council, R. A. M., elects officers one week from next Friday night.

The Patrons of Knox Pomona Grange are asked to keep in mind the election and installation of its officers next Saturday at White Oak Grange hall, North Warren. As the business meeting will require the entire day, there will be no entertainment.

Rockland's Encampment meets Wednesday night with work on the Golden Rule and Royal Purple degrees. A regular supper is promised following the work. It is worth knowing that Rockland Encampment now leads the State in net membership gain, i. e., less suspensions and higher ratio of incoming members.

Following his announcement of removal from Rockland Harmon Davis announces a great Sacrifice Clearing Sale of Ladies' suits, coats, dresses, skirts, blouses and furs, the entire stock of the Davis Furment Shop, at sacrifice prices. Don't miss the opportunity of a lifetime to obtain great bargains—adv.

The Maine Music Company recently installed a Federal radio outfit for Miss Lena Lawrence.

The winter schedule of the Eastern Steamship Lines, Inc., goes into effect next week. The boat will leave Rockland Mondays and Thursdays, and arrive Wednesdays and Saturdays.

Robert L. Bridges, who lately joined the railway mail service, has been assigned to the run between Portland and Island Pond, Vt. He expects to enter upon his new duties in about ten days.

Past Exalted Ruler Francis M. Langley of Lewiston Lodge, who is district deputy grand exalted ruler Maine West, will pay his official visit to Rockland Lodge B. P. O. E. Monday night, Dec. 10, accompanied by his suite.

Theodore Sweetland, a former resident of this city, who now has two stores in Portland and one in Westbrook, has taken up a new venture, the moving picture business, having leased the Gayety Theatre in Portland.

"It was a miserable game to watch and the conditions were worse than that; everybody was drenched to the skin," writes Henry Alperin, referring to the Harvard-Yale. He was one of the spectators, or victims, whichever you choose.

Among the Rockland football fans who saw the Harvard-Yale game Saturday were H. A. Buffum, Adriel U. Bird, John J. Perry, Standish Perry and Dudley Wolfe. Mrs. Bird accompanied her husband but spent the day in Boston.

The blossoms that grace the dandelion editor's desk were picked yesterday on the Public Library lawn, where there were many more. Asa P. St. Clair also had a similar blossom on the desk, culled from his lawn. "Great grows for Nov. 26," said Asa.

Albert Chartrand has severed his connection with the corporation, by whom he has been employed the past year and a half, and returns to Clarkburg, West Va., the latter part of the week. Mrs. Chartrand, son Porter, and daughter Madeline, preceded him three weeks ago.

Leander G. Arrey of Rockland is making his home with his aunt, Mrs. Sidney L. Arrey of 9502-77th Woodhaven, L. I., and is employed as stock boy in one of the largest department stores in Brooklyn (Frederick E. Loew's). Alvin H. Arrey of Rockland has gone to New York to join his brother, Capt. Sidney L. Arrey on the L. & W. B. C. Co. Barge No. 8 as engineer for the winter.

Friday, November 28, is the last day to pay on the Security Trust Company's Christmas Club—Have you a paid up card? 142-143

Keystone Cigars—Mild, Sumatra Wrapper, Long Filler. At all stores. 94-1f

RED CROSS ROLL CALL

Approximately 500 memberships were secured for the annual Red Cross roll call conducted Saturday by 100 students of the High School organized by Athletic Instructor Jones. The heavy rain storm had a serious influence in keeping the total of the canvass low. A team under Instructor Bowden secured a check for \$100 from Benjamin F. Smith of Warrenton and this generous gift raised the total receipts of the drive to \$397.88. It is planned to check up last year's 1100 members and to maintain the membership at least at that figure. Lend a hand.

Ivanhoe Temple, Pythian Sisters, will hold its regular meeting Wednesday evening at 8 o'clock.

The new elevator girl at the Fuller-Cobb-Davis store is Miss Marguerite McKee, formerly of Rockport and an athlete of parts while in the Goose River High School.

The W. C. T. U. meets Friday afternoon, at 2:30 o'clock, with Mrs. F. S. Rhodes, Talbot avenue. The subject will be "Public and Personal Health," under the leadership of Miss Ada B. Young.

The Cardinal Club is to give a dance Thursday night, Dec. 13, at Temple hall for the benefit of the High School fund. Miss Annie Blackington is chairman of the dance committee with Mrs. C. S. Beveridge and Mrs. J. O. Stevens.

Dr. Franz Leyonborg of North Haven and Dr. J. G. Hutchins of Camden were in the city recently arranging the program for the year's bi-monthly meetings of the Knox County Medical Society. An attractive series of meetings is planned.

Chauncey S. Miller, an authority on advertising, will address the open forum meeting of the Chamber of Commerce at the Thorndike Hotel Dec. 14. Mr. Miller is publicity director of the Mercantile Insurance Co. of New York. Reservations for this supper must be made by Dec. 12.

Silby Hospital has been closed for a few days, owing to the prevalence of several cases of scarlet fever among the nurses. This action was taken yesterday by Public Health Officer D. L. McCarty, following a consultation with Dr. Laughlin of the State Health Department. There are no cases among the patients, and the closing of the hospital is a precautionary measure. No visitors will be admitted unless a patient is seriously ill and the caller is a member of the family. And no patients will be admitted except for emergency surgical cases.

Rockland is to show the real Christmas spirit this year in a civic way, for Secretary MacDonald of the Chamber of Commerce plans to start the official decorating Monday night, with Russell E. Wood in charge. Artistic evergreen wreaths and belts are to be placed on the streetlight poles from the J. A. Johnson Co. store at the North end to Moody's Service Station on Park street. The designs as roughly shown are very attractive and the possibility of colored light festoons through the business section is not too remote.

"A six, a seven, two eights, a fox and six partridges," is the cryptic phrase summing up the result of a single day's hunting in the Chesuncook region by Virgie F. Studley, Tim Donlon and A. D. Hallowell. The trip was made over the abominable roads, and the homeward trip, with the car loaded with four fine bucks, was even more strenuous than the mighty hunt.

Rockland High School occupied its branch rooms in the American Legion hall yesterday and found the innovation rather to its liking. The rooms are designed to accommodate only certain classes in the commercial division and have been fitted up accordingly with the broad armed chairs recently purchased for the High School Assembly hall. There are at present 22 typewriters and desks installed. The rooms are neat and clean, the toilet facilities satisfactory and the arrangement good as such a makeshift can well be. The schedule has been so carefully arranged that only juniors and seniors are there in the forenoon and only sophomores in the afternoon. Mrs. Lena K. Savagen, head of the commercial department, and Miss Rita Calderwood, assistant, are at the annex all day. In the morning they hear senior and junior stenography, typewriting and English and in the afternoon sophomore typewriting and English. About 125 are in these classes all told. This arrangement allows Miss Howard to hear her Latin classes in Room 4 (formerly the typewriting room) and leaves Room 6 open for recitations several periods a day. Miss Gushee has been transferred to room 8.

The Congregational Ladies are to hold a "Christmas Shoppers' Luncheon" in the vestry Wednesday, Dec. 19, 1923, from 11 a. m. to 1:30 o'clock—adv.

SPECIAL

THANKSGIVING DINNER

—AT—

KNOX HOTEL, Thomaston

12:30 to 2:30

THANKSGIVING DAY

PRICE \$1.50

A Main street man reported to the police Sunday that he had been knocked down and robbed of \$20 while on his way home early that morning. His assailant overlooked a large roll of bills.

John Andrews, 25, was elected captain of the Rockland High School football team yesterday, after a spirited contest. The vote stood: Andrews 7, Emery 6, Fales 4. Andrews has played football the past two seasons and is very popular with the players and fans.

Donald H. Fuller is driving an Overland Champion of the 1924 spring styles, bought of the local dealer, George M. Simmons. His Overland, which the new one succeeds, Don had driven 22,000 miles in the past 15 months in his travels as the Maine salesman for the Hood Rubber Co.

The organ recital by M. W. Colpitts at the First Baptist church Sunday evening was the second in the series of preludes to be given by local players in connection with the evening service. Mr. Colpitts' selection from "The Holy City" Gaul, were played with much strength and spirit and greatly pleased the large audience.

Under the date line of Nov. 22, Gulfport, Fla., comes a hasty letter from Norman W. Leonard of the Knox Academy of Arts and Sciences, telling of his safe arrival in the southern city. He reports his bungalow to be sadly in need of attention but promises letters to Rockland friends once the housecleaning is over.

A letter received from Mrs. Evelyn B. Hix, who is visiting her daughter, Mrs. Fred M. Faber in Peoria, Ill., conveys the information of the sudden death on Nov. 19 of Mr. Faber's father, Joseph F. Faber, following a brief illness. Deceased was a prominent and wealthy citizen of the western city. He visited Rockland with Mrs. Faber at the time of his son's marriage to Miss Emily Hix, ten years ago.

Capt. David Connors, who has been in poor health the past summer, left yesterday for Staten Island, where he expects to enter Sallers' Snug Harbor for medical treatment, and to escape a possible repetition of the last agonizing winter. Enroute he will visit relatives in Boston and Hartford. "In all my sailing on the Seven Seas, and traveling the world over, I never received so many experiences of good will as I am now getting on the eve of my departure for Staten Island," remarked Capt. Connors Sunday.

Local music lovers will find much of interest in the announcement that immediately preceding the Seumas MacManus lecture which the Public Library is promoting for Friday evening, Dec. 7, the public will again have the privilege of hearing the new organ which has recently been installed in the First Baptist church. At this time a recital, serving as a prelude to the lecture, will be given by Mrs. Faith Berry, organist, assisted by Mrs. Albert Averill at the piano, and Mrs. Stanley Cushing of Thomaston, soprano.

The domestic troubles of a Rockport family were aired in Rockland Court yesterday, when Walter T. Carleton was arraigned before Judge Miller on the charge of assaulting his wife. It appeared from the testimony that the family jar has been in progress for a long time, and that Mr. Carleton's ire was aroused by the untidiness of the household and because his wife did not keep the girls home more at night. Inside Mr. Carleton and his wife there are 10 children and one grandchild in the family. Carleton pleaded "guilty," but the jail sentence of three months was suspended during good behavior. He was also placed under \$200 bonds to keep the peace against all persons, and more especially his wife.

"Welcome, Lucien, we are glad to see you back!" was the inscription on the placard posted above Lucien Green's desk at the Fuller-Cobb-Davis store yesterday morning. And the desk—well, it was bedecked in those rare furs which are Lucien's specialty and scattered about were fierce miniatures of the savage bears and rabbits which produce those furs. A very prominent position was held by the famous cat which came back and in the offing was a bow of orange ribbon. A span new shoe-shining outfit was provided for his use as was a milk shake glass to save his hurried trips to Mont's and Charlie Moor's. He was received with literally open arms by all the second floor and the jealous "Pete" allowed that he didn't receive any such reception when he returned from battle scared France. He pulled a false faint but not even the new elevator girl paid the slightest attention so he went back to his beloved stock patterns and curtains.

TWO WARSHIPS HERE

Scout Cruiser Richmond For Series of Trials, and the Putnam Acting As Her Tender.

The scout cruiser Richmond arrived here yesterday for a series of special trials, and presto! our ideal November weather went a-glimmering. When conditions are once more favorable the speedy Cramps ship will go onto the Rockland course for standardization tests lasting two days.

The first of these trials will be for the purpose of showing what the cruiser can do with a maximum load, giving the craft a displacement of 9700 tons. The second of the trials will be with a normal displacement of 8300 tons.

The Richmond had her official trial early last summer with a light displacement—7200 tons. On that occasion the cruiser attained a speed of 34.62 knots, and averaged 34.48 on her five top-speed runs. The maximum horsepower developed was 95,000. Horsepower is one of the chief aims of this class, and confidence is expressed that the 100,000 mark will be touched before the present trials are completed.

The Richmond was commissioned July 1st, shortly after her first Rockland trial, and since that time has cruised 19,000 miles, her voyages extending down the west coast of Africa and up the east coast of South America. Capt. David F. Boyd is in command, and Commander J. M. Poole is executive officer.

WHO IS ANNIE MERCHANT?

Augusta, Nov. 25.
Annie Merchant critically ill. Unable to locate son, Daniel B. McKinney. Advise relatives or friends.
P. C. Tyson, Supt.
The above dispatch was received Sunday by City Clerk E. R. Keene, who has made vain inquiries without locating the parties in question. If anybody is possessed of information on the subject he will confer a favor by notifying Mr. Keene at the City Building, at once.

THE "FINE PRINT"

In an accident policy tells the story. It doesn't do any good to buy an accident policy that offers to pay certain amounts, if you have to stand on your head in the Atlantic Ocean to have the policy cover! Think that's a joke? Buy one of those policies, and wait until a real claim comes. It will be an expensive joke on you!

ORDER EARLY

ELECTRIC POWER

What It Is Coming To Mean
—Value of Your Home Company.

Forty years ago the world was virtually without the use of electricity. It is hard for us today to realize just what this means. We have become so used to having the light answer the switch, the bell answer the button, the elevator answer the lever, and the thousand and one other services of the genius of electric energy, that we find it difficult even to recall the clumsy mechanics of former days.

Electricity in a remarkably short time has become a fundamental organ in the economic structure of our life. Electricity has been both the stimulus and foundation for a major part of the rapid development of our cities during the last two decades. Transmission lines have spread out in beneficent streams over all the country until today electric power is carrying domestic comfort and industrial efficiency into hitherto undeveloped territory.

Those of us who, because of the fact that we have lived in cities, have had the advantages of electric service for years, so that we look upon such a marvelous piece of constructive invention as the electric light bulb as an ordinary convenience, can hardly realize that it is a convenience still unknown to almost two-thirds of the dwellings in our country.

Electricity, however, has meant far more than efficient lighting, although this was its first application and in this field there is still tremendous opportunity for growth. It is the field for power that presents the greatest opportunity for electric development. Today, nine times as much electric energy is being used for power as for lighting. And the field for power is nearly unlimited. Not only is industry turning more and more to electric energy for power, but within the generating companies themselves vast improvements are being effected; more and more current is obtained from the same amount of coal, as the boilers and generators are improved, and the dis-

tance over which the power may be effectively transmitted is being steadily extended.

The "American standard of living" can be raised permanently only as we

A Great Profit Sharing Plan

We have inaugurated a unique profit sharing plan which will go a good way toward reducing the cost of living for you.

Our Plan Is This: We are going to make 90 combination packages of Canned Goods and Groceries to the amount of \$1.00 each. Every package will be marked as to its contents and price of each article, so you will know just what you are getting. In one package out of every 10 we shall conceal a crisp new \$1.00 bill, thereby giving you an opportunity to not only get your money's worth in goods, but also give you a chance to get \$1.00 in cash, or your money back, so you can spend it all over again. In addition to the combination packages there will be 10 Bags of Flour, one of which will contain a \$1.00 bill. The regular price of this flour is \$1.00 a bag and every bag is guaranteed to give satisfaction; in fact all the goods are guaranteed.

In no instance will there be any increase in the present price of any article unless future prices compel it; but in some goods the price will be lower than what we are now selling for. Sugar will be included in each package at a reduced price.

rely more and more on power to replace manual labor. Electricity has already effected the release of many a pair of hands from hard labor and permitted many a day laborer to become an artisan.

Now there is one aspect of the development of the electrical industry in this country which is of tremendous importance and in which the manufacture of electric energy differs radically from other commercial production business. The electric light and power company is definitely tied up with the community and territory which it specifically serves. The electric power house is the heart of the body of industry, its transmission lines the arteries conveying the life blood of energy to every business nerve. Its prosperity and the prosperity of the locality in which it is situated are indissolubly linked.

The manufacturer of automobiles, or of steel rails, may be located in Detroit or Pittsburgh and yet have customers in Maine, Florida and California. But, on the other hand, your light and power company serves only your community and territory, and the extent and growth of its business depends upon, as well as stimulates, the extent and growth of your business and that of your neighbors.

UNION

Mrs. Emma Jones, Mrs. Alice Robbins and Mrs. Bertha Howe children were in Rockland on business Friday.

Several from this place attended a meeting of one of the Masonic bodies at Thomaston, Friday night.

J. A. Sutherland of Brookline, Mass., was a business caller here Friday and Saturday.

Mr. and Mrs. B. J. Phillips of Amesbury, Mass., were weekend guests of Mrs. Bertha Simmons.

George Robbins and crew of men who have been packing apples for Charlie Towle of Winthrop have completed their work.

Mrs. Mary (Bible) Merrill of North Hampton Center, N. H., has been the guest of Mrs. Alice Thurston for several days.

Miss Belle Thurston has returned to New Hampshire with Mrs. Merrillman to pass the winter months.

Albert Creighton of Thomaston visited his mother last week.

Mr. Ada Lucas has sold his millinery business to Mrs. Beale Lewis. Mrs. Lewis has taken possession and all wish her good luck and prosperity.

The school has closed for the Thanksgiving recess.

Harry Pierce who has run a barber shop here for several years has gone to Massachusetts where he has a fine position.

Mr. Mallonee has opened a boot and shoe repairing and vulcanizing shop over H. L. Robbins' store.

The Evangelistic services at the M. E. Church under the leadership of Dr. Mahoney have been very helpful and instructive. Several have been moved to take a stand for Christ and lead a Christian life.

The people of Union and vicinity will be interested in the following item taken from the Waterville Sentinel, Nov. 17:

"Funeral services of Milford Harvey Dean, little son of Mr. and Mrs. Edgar Dean were held Wednesday morning at 10 o'clock at the United Baptist church at Oakland, Rev. Francis S. Bernauer and Rev. Weston P. Holman officiating. The singing was in a body. Milford was a beautiful child much beloved by his teachers and schoolmates and will be greatly missed. Out of town people who attended were Mr. and Mrs. Ned Libby of Winthrop, Mrs. Carrie Dean of Portland, Miss Alice Dean of Gardiner, Mr. and Mrs. Grover Lovejoy of Waterville."

At the High School
"A Purple and Gold Carnival," given by the High School attracted much attention Saturday. As in most cases its chief motive was to raise funds for the school organization and nearly \$40 was received. The evening began with an entertainment; booths containing various attractions were numerous and the "Fortuna Teller" and the "Wonderful Baby" were especially notable. Dancing was included in the program.

Perhaps it would be of interest to know that every Friday afternoon six pupils, chosen from the various classes will give readings which are immensely interesting. It is hoped that the school's friends will come and enjoy them.

Harland Rowell with the principal's permission has left school for a few days in order to prevent the spreading of the whooping cough to which he has been exposed.

The Seniors are engaged in selecting a drama which they hope to present some time after Christmas. Watch out for it! They want every one to come.

The Freshmen have had a number of class meetings this year, officers being elected as follows: President, Violet Pratt; vice president, Alice Plummer; secretary and treasurer, Belle Jones. This motto was chosen "Climb though the rocks are rugged" and class colors selected, purple and white.

The Illinois Watch Company is giving to a pupil of every senior class of the High Schools of the United States a medal for the best essay on Abraham Lincoln. U. S. S. Seniors are trying and each is hoping for success.

Candy is on sale by the Seniors.
Be on the alert for the Senior dances and come and have a good time.

Friday, November 23, is the last day to pay on the Security Trust Company's Christmas Club—Have you a paid up card? 142-143

EAST SEARSMONT

Mr. and Mrs. Frank Radley and two children were recent guests of Mr. and Mrs. H. M. Donnell.

Mr. and Mrs. L. Woods of Belfast spent a day recently with Mrs. L. S. Mariner and Mrs. Ralph Head.

Mr. and Mrs. Ansel Lotrop have moved to Belfast.

Mrs. Elizabeth Wellman and son Will have moved to Belfast for the winter.

Leslie Mariner has shingled his house and made other repairs.

Will Woods has been in this section making some repairs on the Cummings house, also on Amanda Mahoney's buildings.

Mr. Collins has moved his mill from the Dalton Road lot to Brooks.

Dutton Head has traded his horses for a heavier pair.

ROCKPORT

Miss Elizabeth Harris of Marlborough was a recent guest at Charles S. Gardner's.

The inspection of the Pre-A. Newwood Relief Corps will be held Friday evening.

The Village Improvement Society is indebted to Mrs. W. H. Chafford of Chatham one of our summer residents, for a check of \$10.

Mr. and Mrs. Fritz Siggen who have been guests of Mrs. Siggen's parents, Mr. and Mrs. Edgar Smith returned Sunday to their home in Brookline, Mass. They were accompanied as far as Seabury by Mrs. Smith's mother, Mrs. George Wentworth who has also been in town for a few weeks.

Mr. and Mrs. Walter Carroll and son Howard spent Sunday with Mrs. Carroll's parents, Mr. and Mrs. Sidney Andrews in West Rockport.

The Y. M. C. A. basketball team which has been practicing on the school grounds during the fall began its indoor practice at the Y. M. C. A. Thursday evening of last week. Several games have already been scheduled.

Myron Roberts and Maynard Overlock have returned from a two weeks trip to Philadelphia, visiting other places of interest enroute.

Mr. and Mrs. Robert Harvey and son Charles of Dover-Foxcroft are guests of Rev. and Mrs. Andrew Young at the Moody parsonage.

Sanford Baskin of Portland, Mass., was the guest of Mr. and Mrs. Earl Dow last week. Mrs. Cecelia Cain has been spending a few days with Mrs. Silas Ugham in Camden where she was called by the death of Mr. Ugham which occurred Saturday.

Mr. and Mrs. E. S. Beverage of Rockland were guests of Mr. and Mrs. Charles S. Gardner Sunday.

Mr. Karlton and sons Henry of Westport and Llewellyn of Matfield, Mass., were in town last week to attend the funeral of Lemari Erickson.

There will be no meeting of the Twentieth Century Club this week.

Capt. and Mrs. E. O. Patterson and Mrs. Abigail T. Clark were guests of Mrs. Blanche Spear Sunday.

H. A. Perry has opened a fish market in Limerock street, Rockland, on Main street. Mr. Perry formerly carried on a successful fish business in Bar Harbor.

Seneca Falls, N. Y., to visit her son Frederick, Truman before leaving for Paris where she will spend the winter.

Mr. and Mrs. E. O. Patterson for several days last week were guests of Mr. and Mrs. E. O. Patterson for several days last week.

Mr. and Mrs. E. O. Patterson for several days last week were guests of Mr. and Mrs. E. O. Patterson for several days last week.

TOWN PESTS

The Lady Shopper had the Poor Man drag out Everything in Stock, and has Spent a Pleasant Afternoon, which was All she Intended to Spend when she Came In. Merchants like Lady Shoppers but Lady Shoppers are Why Druggists Clerk's Go Crazy and Start Running in Circles.

NORTH HAVEN

Mr. and Mrs. J. O. Brown who have been visiting their daughters Yvonne and Doris in Boston and Lynn for the past two weeks arrived home Saturday.

The Mahjone Club met with Mrs. F. W. Brown last Thursday evening.

Congratulations are being extended to Mr. and Mrs. Elmer Hopkins upon the arrival of the boy, 9 months, 2 ounces.

The North Haven Band has reorganized and is practicing every Monday evening in the K. of P. hall.

The Thanksgiving service this year has special interest as it will be held in the new church at 4 o'clock Saturday afternoon with special program and special music. Everyone is invited to attend.

The senior class are to be congratulated for the able manner with which the farce "The Posters Gate" was presented Friday evening.

Those taking part in the farce were: Cooper and Gerald Hopkins, Misses Ethel Dickey, Clara Levenson and Evelyn Dyer. Between the acts Miss Hazel Dickey and Miss Fae Wallmore gave two readings and those taking part in the play sang "Mellow Moon." A dance followed the play at which Brown's Orchestra furnished music.

Mrs. Nellie York is visiting her daughter in Camden.

Although a stormy Sunday, church services were well attended. This present week there will be the following activities: Monday afternoon, Sunday school teachers and officers meet to finish plans for Christmas; Tuesday the United Guild will meet in the parlors; Wednesday the monthly business meeting at the Island church; Thursday Vespers services from 4 to 5; Friday the men of the church or those interested will help cut wood which has been given. Please give your names to Rev. M. G. Perry as there will be a large sale of wood on the wood lot; Friday afternoon the children meet at 2:30 for their weekly song and religion training.

SOMERVILLE

Fred L. Turner has recovered from the measles and returned to Colby College.

Miss Anna Benson of North Whitefield was a caller Wednesday for Mrs. Florence Fuller.

George L. Fuller recently made a business trip to East Yarmouth, N. S.

Mr. Wellman of Collamore Ridge, Washington, was a Thursday business caller in town.

George Fuller is chopping wood for F. A. Turner.

WASHINGTON

The village school taught by Mrs. Clara Overlock closed Friday for a vacation of one week. Mrs. Overlock is a very efficient teacher and the school is making splendid progress under her supervision.

The dance to be given by Evening Star Grange Nov. 29 is going to be the dancing event of the season. Overlock's orchestra has been secured.

The Church Guild are making great preparation for their Christmas sale and supper Dec.

"AFTER 20 YEARS OF LAXATIVES"

CEREAL MEAL GIVES RESULTS

One of the prominent bankers of New York City has written the President of The Cereal Meal Corporation as follows:

New York, N. Y.
Dear Sir:

I am extremely obliged to you for recommending Cereal Meal to me, as after twenty years of all sorts of Laxatives, I have done me more good than any of them.

Kindly send half a dozen boxes so that I may have a supply for the summer. Cordially yours,

C. K.

Cereal Meal is the result of the scientific experiments of a prominent physician with the idea of providing the intestines with elements totally lacking in the average food of today, and which is probably the chief cause of the National prevalence of Constipation—for more drugs are used with the mistaken idea of curing it than all other ills combined.

The physician combined delicious, wholesome grains with agar-agar into an appetizing food called CEREAL MEAL, which

contains all the elements necessary to promote natural, daily bowel movements.

Cereal Meal was formulated to do three things—First, lubricate in order to avoid the necessity of taking oils; second, stimulate peristalsis (wormlike movement of the bowels) to avoid taking drugs; and third, keep the intestinal contents moist so that elimination will be natural and easy. Good health and all that it stands for is yours if you eat CEREAL MEAL.

Get a dish of Cereal Meal every morning in place of your usual breakfast food and you can stop using drugs, oils and all other laxatives. You will no longer require medicine of any kind. Constipation and its many ills will vanish. You will know the joy of perfect health. Results are guaranteed and your dealer is authorized to refund the purchase price if CEREAL MEAL does not prove satisfactory in every way.

Purchase a package today. Your neighborhood druggist or grocer should have CEREAL MEAL—if not, write direct to The Cereal Meal Corporation, 47 W. 42nd St., New York City.

The attractive fancy articles with the valuable runnages that will be on sale together with the social enjoyment of these anniversaries assure a large attendance.

W. M. Staples has recently completed the work on a water pumping system for his buildings and has also had an electric lighting plant installed.

B. Lincoln and B. K. Ware have had their buildings wired for electricity and expect to have their electric plant in operation very soon.

It is expected that Stephen, the young son of Mr. and Mrs. William Johnston who has been at the Augusta General Hospital for several weeks, will be able to return home in a few days.

The Electrified Home is Easily Realized

Few people appreciate how small is the difference in cost between wiring and complete wiring. Do you?

We all admire the conveniently equipped home—and yet most of us can have the same convenience in our own homes.

And do you realize modern methods accomplish the work in a few days and without dirt or disorder?

Let us give you the facts—then decide whether you want your family to be without the advantages of a completely wired home. Telephone, write or call.

A. T. Thurston
ELECTRAGIST

444 MAIN STREET, ROCKLAND

Yes, It's a Kineo Pipeless Furnace

MADE AT BANGOR, MAINE
AT THE LOWEST PRICES EVER OFFERED

This is not a cheap furnace, it is the best and one of the heaviest built, with asbestos between two double walls, inside the outside wall. All walls made of heaviest galvanized iron. With double or single feed door.

Do not let anyone tell you that it is not the best one built, because our price is much lower than other high-grade makes. The difference is in the profit, not in the quality.

I have a cheaper furnace made by the Homer Furnace Company, size 22 inch, price \$165.00, but the Kineo is the lowest ever offered. The 20 inch \$175.00 or the 22 inch \$185.00, all set up.

I am willing to put one of these in any home, if suitable for a one-pipe furnace, with a guarantee to satisfy or take it out after we have had some very cold weather to test it. You need not make any payment until you are satisfied.

I have also made a 20% reduction on Kineo Ranges and Heaters.

You can buy an 8-20 Star Kineo Range, with high shelf for \$60.80, delivered anywhere in Maine.

V. F. STUDLEY

TO ROCKLAND DISTRIBUTOR OF ALL KINEO PRODUCTIONS
278 MAIN STREET, ROCKLAND

THOMASTON

A special Thanksgiving dinner is to be served at Knox Hotel from 12.30 until 2.30.

Mrs. Nancy Rogers and Miss Fannie Trefethren of Portland spent the weekend with Mr. and Mrs. Elmus Morse. Mrs. Allison Wotton of Friendship was a recent guest of her sister, Mrs. Charles Morse.

Alice Felt spent the weekend in Clark Island.

All members of the W. C. T. U. are requested to send cooked food, vegetables, or money for the Thanksgiving baskets to the home of Mrs. Sarah Bramhall (Ammon) in Wednesday.

Mrs. Willis Hooper of Martinsville was in town yesterday.

The American Legion will give a dance in Watts hall Wednesday night. The World Wide Guild will meet Friday night at the parsonage at 6 o'clock for a special supper and roll call.

The basketball season opens Thanksgiving night when the Thomaston Locals play the All-Prep Stars in Watts hall. The Stars are: "Spider" Carleton of Helwan Academy, Capt. Don Healy of Kent's Hill, Bob Rutter of Portsmouth High and Kent's Hill, Davenport of Wilton Academy and Kent's Hill and Hartsgrove of Kent's Hill. The local boys expect a hard game.

The American Legion holds a dance Wednesday night in Watts hall, with Marston's music. The receipts of the dance will be used for the Legion organization's current expenses.

The Ladies' Aid of the Methodist church will hold an all day session Friday at the vestry. Picnic dinner at noon.

Nearly a hundred people met and greeted Mr. Lord, the new Superintendent of Schools and Mrs. Lord, at the reception given in their honor by the Parent-Teacher Association at the Baptist vestry Friday evening.

The High School Orchestra, assisted by Howard Beattie and led by Mr. Roundy, furnished the musical background. In the receiving line with Mr. and Mrs. Lord were Mrs. Ruth Beckett, Mrs. Mabel Creighton and Miss Margaret Ruggles. This pleasant feature of the evening was followed by this exceptionally fine program, arranged by Miss Elvira Gardiner.

Chorus, "Blow Ye Winds, Heigh Ho," eight boys, directed by Mrs. Ruth Sanborn; solo, "One Meeting Hour," Mrs. Mae Cushing with Mr. Roundy at the piano; girls' quartette, "Little Cotton Dolly," accompanied by Miss Gladys Long; piano solo, by Miss Dorothy Keller; readings by Mrs. May Wentworth of Warren, "Billy Brad's Lie," a French interpretation of Adam and Eve, and "A Visit at Grandma's," Miss Bertha Luce gave a comparative numbers and Mrs. Cushing sang "Ave Maria," with violin obligato by Miss Luce. Mrs. Wentworth accompanying.

The work of the students is always a pleasure. Mrs. Cushing and Miss Luce were at their best and their number together was especially beautiful, while Mrs. Wentworth, though a comparative stranger to Thomaston, made a host of friends by her delightful interpretations and generous assistance. After the election of Miss Margaret Ruggles as president for the ensuing year, Miss Mary McPhail was given a rising vote of thanks and a round of applause for her fine leadership and untiring devotion to the cause which has animated the association for the past two years—the new school building. Mr. Lord spoke briefly and made a very pleasing impression upon the townspeople present. The refreshments were in charge of Mrs. Hattie Robertson, and there was a bountiful supply of delicious sandwiches, cake, salted nuts and coffee. Mrs. Colamore, Mrs. Pease, Mrs. Peabody and Miss Gardiner poured. Decorations and arrangements were in charge of Mrs. Ruby Peabody, assisted by Miss Margaret Jordan, which insured success in that direction. The room was swept with balm and on the large table, silver and candlelight gave forth the glow of hospitality and cheer. A conversational march, and the cheerful playing of duets occupied the remaining time. And now everybody is looking forward to the January meeting which promises to be of unique interest.

VESSEL NEWS

Bouquets are being thrown at the four-masted schooner Jessie G. Noyes, which in thirty-four days made the passage from Boston to Jacksonville and return, including the time consumed in loading 24,000 railroad ties. By way of comparison in time the four-masted schooner Maude M. Morcy, which sailed from Jacksonville about Oct. 20 for Boston, almost the same time the Noyes started south from Boston, was still on the way at last accounts.

Fire in the forward bulkhead of the Ripogonus, owned by the Great Northern Paper Co., started from sparks from an acetylene torch used by members of the fire department and a crew of workmen of the Bath Iron Works, Ltd., quite a Friday forenoon says the Bath Times. The torch was being used by a workman cutting an iron boiler saddle and the sparks dropped on the hard pine bulkhead and soon there was a blaze and considerable smoke.

Combination No. 4 responded to a still alarm and used all its chemical and then No. 3 was called and hose stretched, using some of the Iron Works hose, too and the fire fighters found they had to do considerable cutting away to get at the seat of the blaze. The damage was small.

WEST ROCKPORT

Mrs. W. Ingraham of South Hope is a visitor at the home of Mr. and Mrs. Henry Lamson. John Andrews left Friday for Miami, Fla. Mr. and Mrs. J. Andrews are home from Orono for the winter.

Warren Conant has moved his family to Camden. Special meeting will be held in the church during the first week in December.

Mrs. Fogle is in Camden for the winter. The concert and play given by Mt. Pleasant Band Saturday evening was much enjoyed and appreciated. Owing to the rain the audience was small but all are hoping to hear them again.

Almond Marcy, Bert Keller and Maynard Brown have been cutting Christmas trees this past week.

Mrs. Graves is visiting relatives at Rockland Highlands.

M. S. Heald and family of Camden and Mrs. Will Carroll and daughter of Glenview called on friends and relatives Sunday afternoon.

Mrs. Walter Carroll and son Howard were recent visitors in town.

Mrs. Anna Clark of Camden spent the weekend with relatives.

STRAND THEATRE

The opening attraction of Goldwyn Week is "The Love Piker," featuring Anita Stewart. The story tells of a lovers' romance which has its inception in the love of a sailor, and in which romance two traffic policemen and a judge act as agents of cupid. At first Martin Van Huisen, the man in the case, is a bit disgusted by the girl's superficiality, for Hope Warner believes that there is not another girl in the world quite like her. Hope visits a building which Martin is constructing for her father and is saved from a fall from a scaffold by Van Huisen. Then and there they become the best of friends. But then there is Archie Pembroke, an ultra-smart wealthy young man whom Hope's mother is determined to have for a son-in-law, but whom Hope is not interested in. How Hope eventually sidetracks him for Van Huisen is entertaining, to say the least.

"The Love Piker," the midweek feature, is the gripping story of a lad who knew how to fight—and learned how to leave. A brassy flat was the most convincing language in the lawless timber lands of the St. Croix country. One day an unknown lad appeared in town. His latest lay in the estates of the wealthy de Mersey. The mansion from which old de Mersey formerly dictated tyranny to the country was now occupied by a strange crew of schemers. A swarthy Indian guide stood guard at a forbidden chamber. The beautiful heiress of the estates was virtually prisoner in her own dwelling. Here's a story of fight, love and thrills that will keep you breathless with excitement. And you will welcome the new star, Alfred Lunt.

Friday and Saturday, Pola Negri in "Mad Love"—adv.

CAMDEN

Mr. and Mrs. W. F. Hart left yesterday for Germantown, Penn., where they will spend several weeks in Boston and New York before going on to San Diego, Calif., where they will spend the winter.

David Mann is in Silsby Hospital where he underwent an operation Monday.

Miss Harriet Gill has returned from a visit of several weeks in Boston and New York where she was virtually prisoner in her own dwelling. Here's a story of fight, love and thrills that will keep you breathless with excitement. And you will welcome the new star, Alfred Lunt.

Mr. and Mrs. C. W. Babo have returned from a visit in Boston. Mr. Babo also made a short trip to New York City where he was in town the last of the week, called here to attend the funeral services of Mrs. Ruby A. Cross.

Miss Mabel Howe has returned from a visit in Portland.

Robert Bean was in town the last of the week leaving Friday for Detroit where he will join his father, R. L. Bean.

Miss Julia Annis who is teaching the Commercial Course in the High School in Newham, Mass., will spend Thanksgiving with her parents, Mr. and Mrs. H. R. Annis.

Mr. and Mrs. A. F. Beverage will spend Thanksgiving in Portland, guests of their son Henry.

Silas W. Upham

Silas W. Upham died Saturday at the age of 72 years. Funeral services were held Monday afternoon from his late residence on Mechanic street, Rev. H. I. Holt officiating. The deceased was born in Hope and his occupation has been that of a farmer. He leaves a wife who resides in Camden, a daughter, Mrs. Mary Tucker and a sister, Miss Ruth Upham, both of Lowell, Mass.

Friday, November 28, is the last day to pay on the Security Trust Company's Christmas Club—Have you a paid up card?

142-143

HAIL JIMMIE EVANS!

His Musical Revue Opens At Park Theatre Like a Record Breaker.

A musical comedy, now and then, is a relief from the best of men. Such was certainly the case yesterday when Manager Benson introduced the Jimmie Evans Musical Revue to delighted patrons of Park Theatre. Almost in a class by itself is this company with which Mr. Evans has surrounded himself this season. The costumes are the daintiest that Rockland has seen since the high priced shows used to come here, the comedy is refined, and the dancing and singing are such as can be given only by artists of standing.

Jimmie Evans has only to maintain the pace he struck yesterday and the week's engagement will come pretty close to constituting a record for Park Theatre. The S. R. O. sign was out last night, and it is rumored that one generous sized individual had a seat by himself "farther down."

The opening bill was "Hello Broad."

way" and those who did not see it yesterday will be wise to communicate at once with the box office and make reservations for seats. The attraction for Wednesday and Thursday will be "Miss Manhattan" and the concluding bill will be "Love and Kisses."

While the Jimmie Evans revue is mainly a musical melange, the several performances are brimming over with novelties, good dancing and a fun factory working over time.

When Jimmie Evans and Tom Carroll came on the stage last night the audience began to laugh before the comedians had uttered a word. And the audience never stopped laughing until the members of it were tucked away in their cribs and asleep for the night. There isn't a dull moment in their dialogues, and, believe us, the late comedy hits are all good ones.

It would take a column to mention everybody who ought to be mentioned but it would never do to pass up Florence Pippin who is a clever violinist as well as vocalist; Evelyn Parr, who ranks as one of the best musical revue prima donnas on the road and Jimmie Mack, whose singing long ago popularized him on a Rockland stage.

Kitty Fraser is a charming southerner and her background of sun-kissed peaches makes a picture that fills the eye.

To accommodate the crowds Manager Benson is going to present two full shows on Saturday night, the first beginning at 6 o'clock and the second at 8.30—adv.

THE HORNETS

[For The Courier-Gazette]

Striding with unswerving fair day, observing all nature along the way, looking sharply ahead, what did I espie. But a large hornet's nest—hanging close by.

Gazing intently I there did behold outside, a watching, an old hornet's nest. Ready at once to give the alarm. When an intruder should come to do harm.

Testing his valor I went near the nest: With the point of my cane against it I pressed—trickily the hornet was off on the wing. And out from the nest a host he did bring.

Hornets behind me and hornets ahead. Thus they pursued me as quickly I fled. I was badly, I have to admit. Served me just right—didn't blame them a bit!

In every pathway of life you will find Hornets—a plenty of the sharp human kind. If you unawares get in their ring, Being not careful, they'll give you a sting.

Hornets are peaceful when not disturbed. Otherwise not, as is truly observed: So from this fable, as graphically shown, Mind your own business and let others alone.

In Social Circles

In addition to personal notes recording departures and arrivals, the department especially desires information of social happenings, parties, music, etc. Notes sent by mail or telephone will be gladly received.

Mr. and Mrs. N. F. Cobb, Mrs. Mary R. Perry, Miss Ada Perry and Alice Merritt and Frank Merritt go tomorrow to Lewiston, where they will spend Thanksgiving Day as guests of Mrs. G. R. Pattee at the New Dewitt Hotel. They will be joined there by Mrs. Marion Cobb Fuller and son Nathan Fuller.

Mrs. D. N. Mortland has closed her house on Masonic street, and is at "The Laurie" for a fortnight's stay before leaving for Jacksonville, Fla., where she is to spend the winter.

Miss Helen W. Fuller is in Knox Hospital following an operation yesterday for appendicitis.

J. H. Jones arrived home Saturday night from a 10 days' visit in Boston.

Mr. and Mrs. Cleveland Sleeper leave this week for Florida, where they will spend the winter. They are accompanied by friends from Bangor, and expect to join Mr. and Mrs. Fred A. Thorndike in Richmond, Va.

Mrs. Roy L. Knowlton has returned from a month's visit in New York, the guest of Mrs. Flora Beckett.

Miss Annie Povlich, who presides over the box office at Strand Theatre, is at her home in Ellsworth, enjoying a fortnight's rest.

Harry Pearson, who has been on a business trip to this city and vicinity, and incidentally calling on his mother, Mrs. Henry Pearson, who is spending the winter here, returned to his home in Bridgeport, Conn., yesterday.

The Sunshine Society will meet with Mrs. Minnie Miles Monday, instead of with Mrs. Louise Clark, as first intended.

Dr. and Mrs. W. H. Armstrong will spend Thanksgiving Day with their daughter, Miss Grace Armstrong at the University of Maine.

The Business and Professional Women's Club have chosen for the committee to make arrangements for their Thanksgiving dance, the same members who served to make their Halloween dance so successful. Mrs. Emma Carver is chairman, and will be assisted by Miss Carrie Fields, Mrs. Margaret Perry, Miss Annie Blackington, Miss Ida Carey and Miss Kathleen Snow. The dance is to take place Thanksgiving evening at Temple hall and the music will be by Marsh.

Friends gathered at the home of Mr. and Mrs. Elbridge Orleton last Thursday and celebrated Mrs. Bekeley D. Winslow's birthday, who will soon leave for Franklin, Mass., accompanied by her daughter, Miss Arlene Winslow. Many useful gifts were received. Refreshments were served.

Miss Carrie Cota was in the city from Woonsocket, R. I., last week to attend the funeral of her mother, Mrs. H. D. Hughes.

Mr. and Mrs. Fred S. Rhodes have returned from Boston.

Everett Kallioch has gone to Medfield, Mass., where he will visit his sister, Mrs. Lewis Dewar, for the winter.

Milton Grob arrived last week, called by the illness of his sister Jeannette who had been at Knox Hospital for six weeks with typhoid fever and other complications. They will leave tonight for their home in Red Bank, N. J.

Mrs. M. L. Seavey has returned home after spending a month in Sturbridge, Mass.

Master Stanley Cates of 34 James street entertained friends Friday when he celebrated his 7th birthday. Games were played and refreshments were served. Master Stanley received many useful gifts.

Cushman Burns is at home enjoying a short vacation after a strenuous season put in with the Bay State Motor Co. in Portland as auto-mechanic.

Word comes this morning that Miss Rachel Emerson, the singer, remains confined to the bed, threatened with pneumonia but with care expecting to avoid that form of illness.

The Chapin Class meeting with Miss Ellen Cochran, Union street, is postponed until Friday evening on account of a Thanksgiving service at the Baptist church Wednesday.

Stanley Angel returned to Portland last night after spending the weekend as guest of Mr. and Mrs. Rhama Philbrick.

Aubrey Eugene Greenlaw and Miss Mattie Belle Robinson were married at the First Baptist parsonage last evening by Rev. Benjamin P. Browne. They were attended by Mr. and Mrs. E. C. Robinson. The couple will reside in East Millinocket, after a brief wedding trip.

John H. Flanagan is again on duty at the postoffice, after a fortnight's vacation. The rustating season has now closed, and the boys are fairly hankering for the Christmas rush.

Mr. and Mrs. I. Leslie Cross motor to Boston tomorrow to spend Thanksgiving with their daughter, Miss Dorothy Cross, at Fred A. Parker's.

Clyde Record and Otho Record are home from Lynn, Mass., on a week's vacation.

MORRISON-BERRY
A very pretty home wedding took place Sunday afternoon at Mr. and Mrs. John T. Berry's residence at 15 Grace street, when their daughter Muriel Myrtice was united in marriage to Frank Morrison. Rev. J. B. Pitcher of St. Peter's Episcopal Church officiated. The wedding march was played by Mrs. Floyd B. Berry. Little Mary Stockbridge was the flower girl. After the ceremony a buffet lunch of ices and cake was served. Mr. Morrison is head mechanic at the clothing factory in Thomaston. The couple will reside with the bride's parents, 15 Grace street for the winter.

THE McMANUS LECTURE

Public Library Is Making a Hit in
Bringing the Famous Irish Poet
Here.

In bringing to Rockland the noted
Irish poet and lecturer, Seumas Mac-
Manus, the Public Library is offering to
Rockland audiences an entertainer of
far more than usual ability. As the
World-Herald of Omaha, Neb., ex-
pressed it after his lecture there:
"MacManus towers head and shoulders
above the ordinary lecturer."

In selecting a lecturer for this oc-
casion, Mr. MacManus was chosen not
only because of his rare ability but
because of the very general appeal of
his lectures. Whether he has spoken
to a group of women's clubs; whether
his audience has been made up en-
tirely of business men; whether he has
addressed a group of High School stu-
dents, a group of teachers, the student
body of a large university or even the
kiddies gathered from settlement
houses in the slums of New York city,
always has he held the undivided at-
tention of his audience. Cities with
scores of competing attractions have
found it worth while to engage him for
a series of lectures. Here are a few of
the recommendations which have in-
fluenced local club members to give
their hearty support toward bringing
Mr. MacManus to Rockland.

Montreal, Canada: Had this the people
only known the treat that was in store
for them no hall in the city could have
accommodated the number!

Judge Ben Lindsay: Never in my
experience have I heard more won-
derful story telling!

Library Commission of Portland, Ore.: His twelve lectures and story-
tellings here were the very happiest
thing that happened to us in many a
long day. On the last night the crowd
filled all the seats, lined the walls, and
on the platform, packed the entrance—
and no one moved during the two
hours! There's magic for you!

Dr. Evans of the University of In-
diana: If I were myself a poet, I
should try to find words which would
fit fittingly how Seumas MacManus's
writing and his speaking express the
best spirit of Ireland.

Dr. Hardy of Baylor College, Texas:
No one has ever been before the stu-
dent body who gave such general sat-
isfaction as Seumas MacManus.

State Regent of the D. A. R. of Ala-
bama: It was a pleasant surprise to
hear that the wonderful Seumas Mac-
Manus, Irish poet, wit and humorist
was to appear in Mobile. Having heard
him in a far distant city I congratulate
the committee who brought him here.
Boston Transcript: One moment he had
the audience laughing until they cried,
the next minute they were hanging
spellbound upon some serious reading.
He swayed the audience as he wished.
Woman's Club, Travers City, Mich.:
As fine a story teller as the world has
known in many years and a masterful
speaker who brought the attention of his
audience in a manner most powerful.

Boston Transcript: Seumas Mac-
Manus the Irish poet, is a brilliant rep-
resentative of a poetic race. Poetry,
mysticism, wit, humor and pathos are
everywhere present in his work and
audiences are held spellbound at the
will of this prince of story tellers.

TELEPHONE COURTESY

"Telephone Courtesy" is the title of
a little pamphlet issued by the Cleve-
land office of the Erie Railroad for
distribution among its employees. Some
of the advice given out is just as ap-
plicable to the general telephone-using
public as to Erie employees:

In all intercourse over the telephone,
to armor is so becoming, no influence
so great, as a courteous and affable
manner.

The manner in which you use the tel-
ephone indicates largely what you are.
Patrons judge the service of the
business you are connected with by the
service they receive from you over the
telephone; that is natural, for you are
a direct representative.

We have proved to our satisfaction
that courtesy is a good investment.

Discourtesy hurts the person who
uses it more than the person towards
whom it is directed. One discourteous
action by you over the telephone to a
patron or prospective patron does an
injury to every man whose name is on
the payroll; and places on the payroll
a far better than one in the breadline.

Many a man has dug his own grave
with his tongue.

Wounds inflicted by a knife heal
more quickly than those inflicted by a
sharp tongue.

Kind words are just as cheap as un-
kind words.

He who sows courtesy reaps friend-
ships.

If you have got the Asthma, Cancer
or Rheumatism, see Prof. Libby at 25
Park street.

THANKSGIVING SPORT

Big Program Planned On the
Broadway Athletic Field—
What the Putnam Will
Tackle.

Holiday pleasure seekers who
hanker for outdoor sports on Thanks-
giving Day will find a very satisfac-
tory program at the Broadway Ath-
letic Field if the weather is suitable
and other things do not interfere.

The piece de resistance on the
Broadway gridiron is expected to be a
football game between the Rockland
locals and the U. S. Putnam. The fans
had an opportunity to see what the
Putnam team is like when it defeated
Rockland High School recently. But
the sailors will find quite a different
proposition when they tackle the out-
fit that Leroy Black has been assem-
bling and which is now practicing
nightly in the Arcade. The lineup
will probably be: Joseph Darnon, re-
ceiver; Hamilton, rt. Ed. Chisholm, rg.
Kennedy, c. Donald Kelsey, lg. Massa-
chusetts, lt. Kenneth Smith, lb. Dick Reed and
George Sleeper, qb. Otho Record, rb.
Clyde Record, John Andrews and Le-
roy Black fullback.

Kennedy, the Rockland center, is the
Army recruiting officer stationed in
this city and started as fullback and
center on the Brown University team.
The fans will want to see him in ac-
tion. Dick Reed has been playing on
the crack Coburn team this fall, while
the Record brothers have been winning
many laurels on the Lynn Engineering
School team.

Baum, Snow and Nosworthy will be
substitutes.

A hundred yard dash, a 50-yard
dash and a grassed pig chase will be
additional features. Some of Cam-
den's sprinters are coming down to
compete for the cash prizes.

IN SPORTING CIRCLES

George H. Gruhn of Columbus, Wis-
consin has been elected captain of the
University of Maine football team for
next year. Gruhn has been a regular
member of the backfield the past three
seasons.

The football games of note this week,
and they will mark practically the
conclusion of the football season in
the East, are University of Pennsyl-
vania vs Cornell, Thanksgiving Day;
and Holy Cross vs Boston College, Sat-
urday.

APPERSON

Shift gears without tak-
ing hand from the wheel

MECHANICAL

The Apperson Gear-Shift is mechan-
ical—not electrical or magnetic.

It is the foremost innovation in the
industry. With it, gear-shifting ceases
to be a strain and lost motion. In
traffic the mechanical gear-shift per-
mits easy, safe and leisurely driving
with the possibility of "clashing" gears
and blocking traffic eliminated.

Those who have driven the Apperson
say it is the easiest car in the world to
drive. Five minutes behind the wheel
will prove it.

PRICES—Five Passenger Touring, \$1685;

Sedan, \$2400.

Completely equipped, delivered in Rockland.

If interested, ask for demonstration.

THE FIREPROOF GARAGE

RECALLS A FAMOUS STORM

Today Is the Twenty-Fifth Anniversary of the Great Blizzard In Which the Portland, Pentagoet and Many Schooners Were Lost.

Twenty-five years ago today occurred the worst storm that has visited the New England coast in modern times, causing the loss of many lives and bringing great destruction to shipping. It was during this storm that the steamship Portland foundered off the Massachusetts coast; that the steamer Pentagoet disappeared from human ken; that the schooner King Philip was lost with all on board; and that scores of other Knox county craft were either lost or badly damaged. From the files of The Courier-Gazette of Nov. 29, and Dec. 3, 1898, the following story is told.

Loss of the Portland

The steamship Portland, with 160 persons aboard, was one of the most terrible catastrophes which ever occurred on the Atlantic coast. The Portland left Boston Saturday night for Portland and went down early Sunday morning off the extreme end of Cape Cod. It was reported that the sound of a steamer's distress whistle was heard, but whether the steamer was overpowered by the hurricane or was drifting helplessly with machinery disabled probably never will be known. Provincetown's first tidings of the loss of the Portland came when Surfman Bowley of High Head Station found the body of a negro encircled by a lifebelt bearing the words "Steamer Portland." This was quickly followed by the finding near Highland Station of the body of a white woman and of the body of a white man near Paure River Station. Thousands of articles have washed ashore from the Portland. Some life belts bear the inspection marks of New York officials of date of Jan. 5, 1899.

The destruction of the big steamer was complete, as hundreds of barrels, boxes and other pieces of freight attest. From just east of the Peaked Hill Bar Station to the High Head Station, three miles eastward, the shore is heaped with debris from this and other wrecks. Chairs and dozens of other articles of saloon furniture, covered with plush; barrels of whiskey and varnish and lard, cases of cigars, tobacco and champagne are heaped pell mell with bits of ships' gear and rigging. Electric bells and light bulbs, books, fancy metal wall ornaments, many sorts of carved mahogany cabin rails and ceilings were mingled with sticks of logwood and cordage from the wrecked steamer. The strangest find of all was that of a dozen or so of tiny coffins of cheap make.

Not a glimpse of the steamer was obtained by the lifesavers and thus far the sea has been chary of its gifts of the dead, of papers, or such portions of the hull as might tell just how the Portland met her fate.

A surfman who examined some of the life belts washed ashore, reports that several were marked "John Brooks," but had a black line painted across that name and "Portland," substituted.

Seafaring authorities believe that the Portland took the gale after opening out past Thatcher's Island, that the terrible seas lifted her paddleboxes and upper works and got her leaking, that she succumbed to Provincetown, and either stranded close to this place or ran upon the bars near Race Point.

The Portland left Boston for Portland Saturday evening at 7 o'clock. There was small indication then of what was to come. Snow was falling lightly, but it was not until two hours later that the falling barometer gave warning of the fearful gale that followed.

Upon Capt. Blanchard's shoulders Gen. Manager John F. Liscomb placed the whole responsibility of the disaster. He telephoned Capt. Blanchard orders not to leave the Boston dock on account of the threatened storm. On reaching Boston, Mr. Liscomb again telephoned to the office, only to find that his message had been disobeyed. Capt. Blanchard having started out with his steamer in the face of the gale. It had been the company's invariable custom not to send out its boats in very rough weather.

It is supposed that, not being able to make any progress against the gale, Capt. Blanchard, after being several hours out, rounded the steamer to and

ran before the wind, and was attempting to make Provincetown harbor.

Pentagoet Never Heard From
As yet there is no news of the steamer Pentagoet, and while it is regarded by many as strange that no wreckage has been found practically everybody has abandoned hope.

Mr. Quimby, the Bangor agent said that he had practically given up all hope of ever hearing from the steamer, and he believed that the officers in New York think that she has gone to the bottom. The steamer was not licensed to carry passengers and had no accommodations whatever for anybody except her crew. Mr. Quimby says that Capt. E. P. Trask of Bangor was refused passage on the steamer in New York when she sailed on her last trip, by the officials there, because she was not licensed for passenger travel. He put his baggage aboard the steamer and came home by rail. Following is a complete list of the officers and crew as given out by the agents in New York.

Orris R. Ingraham, Rockland, master; Maynard F. Webster, Rockland, first officer; C. H. Poland, Friendship, second officer; William Milten, New York, purser; John Pentland, New York, assistant purser; John Alexander, New York, quartermaster; H. A. Hanson, New York, engineer; James Gilmore, Stonington, assistant engineer; Nils Mickelson, New York, fireman; George Mathewson, New York, fireman; Henry Doring, New York, oiler; Peter I. Dowling, New York, seaman; Patrick Clinton, Bangor, seaman; A. Olson, New York, seaman; Charles Kendall, New York, messman.

Mr. Newcomb, the general manager said: "The Pentagoet was in first class condition and in charge of an exceedingly able navigator. She was all right when she left New York Friday and had provisions on board sufficient to last her crew a fortnight. If forced to remain out longer than that her cargo which is a general one, and contains much food stuff, could be resorted to. It would keep 18 men alive at least six months and the other portion of it could, in case of necessity, be used as fuel. Capt. Ingraham has been going to sea for over 50 years. First officer Webster is thoroughly fit to navigate the ship. The line has so much confidence in him that it intends to make him master of a vessel brought down from the lakes. Hansen, the engineer, is a first class man, and although we do not know the assistant's name, we are satisfied that he is of like character."

Havoc Among Shipping

Capt. Dobbin and crew of the Rockland schooner Maynard Sumner arrived at Philadelphia Tuesday. The captain and his men were rescued from their distressed and water-logged vessel Monday by the steamer Mackinaw. The rescue was accomplished by Capt. Finlay of the Mackinaw sending a boat crew to the wrecked schooner which the lookout of the Mackinaw sighted at 3 o'clock Monday afternoon 75 miles south southeast of Montauk Point.

The rescued crew are Capt. F. J. Dobbin of Rockland and five seamen, W. P. Stewart of Rockland and William Carter, C. F. Vansie, P. L. Quinn and W. W. Mooney. The Maynard Sumner cleared from Salem, Nov. 13, for Somers Sound, where she loaded 35,000 paving blocks and sailed Nov. 15, for New York. Saturday the Sumner first ran into the big storm when off Martha's Vineyard and Capt. Dobbin concluded to run for Block Island. A blinding snow storm was raging and the captain

lost sight of the island. The schooner was tossed about by the waves and was unable to make headway. She was finally forced to run for the rocks and was wrecked on the shore of Spruce Head, was towed here Wednesday afternoon. The foremast is gone and the hull is somewhat damaged.

Schooner Ella F. Crowell, Capt. James W. Thomas, which was recently lost, was towed here from Spruce Head by the schooner Maynard Sumner. The vessel was damaged and the hull is somewhat damaged.

Schooner John J. Perry, owned by Perry Bros. of this city, and bound hence from New York with coal, parted chains at Hyannis and drifted out of the harbor. She was towed back.

Sch. Carrie C. Miles, Capt. Elias White was towed here Wednesday afternoon and presented a sorry spectacle as she lay at Atlantic wharf. Both masts were snapped short off and the bowsprit was gone. The remains of the spars, together with the sails and rigging were saved and brought along. She was injured by another Rockland schooner, the A. Heaton, which dragged into her at Portland during the storm.

The wreck of the schooner Georgitta, of Hancock, which was lost on Spruce Head, was towed here Wednesday afternoon. The foremast is gone and the hull is somewhat damaged.

Schooner Ella F. Crowell, Capt. James W. Thomas, which was recently lost, was towed here from Spruce Head by the schooner Maynard Sumner. The vessel was damaged and the hull is somewhat damaged.

mistook a steamer's light for that of Block Island light, and he was thrown off his bearings. The gale increased and soon carried the forecastle and main rigging away and the mountainous seas broke the steering gear, leaving the vessel floating helplessly at the will of the waves.

For 38 hours the dismantled vessel lay in the trough of the sea. Two steamers were sighted during Sunday and distress signals were waved. The crew declared that they must have been seen by those on board the steamers, but that no attention was paid to them. The vessel was filling rapidly and the unfortunate men began to lose hope. Monday when they felt that the schooner could not remain afloat another hour, succor came with the sight of the big steamer Mackinaw. A boat was quickly lowered from the steamer and manned by the first mate a volunteer crew soon pulled alongside the rolling schooner and took off the six sailors. On arriving here the men were in excellent condition and apparently none the worse for their experience. The Maynard Sumner was owned by the Bodwell Granite Co. and was valued at about \$8,000. Her cargo of stone was worth about 2,000. There was no insurance on either vessel or cargo.

Schooner James A. Brown, Capt. Solomon Simmons, bound from New York to Belfast, with feed, dragged ashore at Vineyard Haven and had her stern stove in and bowsprit smashed. The vessel is owned in Thomaston by Dunn & Elliot and others.

Schooner John J. Perry, owned by Perry Bros. of this city, and bound hence from New York with coal, parted chains at Hyannis and drifted out of the harbor. She was towed back.

Sch. Carrie C. Miles, Capt. Elias White was towed here Wednesday afternoon and presented a sorry spectacle as she lay at Atlantic wharf. Both masts were snapped short off and the bowsprit was gone. The remains of the spars, together with the sails and rigging were saved and brought along. She was injured by another Rockland schooner, the A. that out of 30 vessels, which were at Provincetown, the Morris & Cliff and another small three master were the only ones which held their anchors.

Schooner E. G. Willard, Capt. Samuel Aylward, is a total loss at Vineyard Haven, crew saved. The Willard was bound from Rockland for New York with lime from Farrand, Spear & Co. She was on the shoals when the storm came on. Capt. Aylward slipped the anchor and ran for Vineyard Haven, the vessel going ashore at the head of the harbor. She filled with water and the cargo, comprising 1500 barrels of lime took fire. The vessel is owned by Farrand, Spear & Co.

Schooner Lena White, Capt. E. W. Gray, was scuttled at Prudence Island, Narragansett Bay, the lime having taken fire. She will probably be a total loss. The Lena White was owned by Cobb, Wight & Co., and E. W. Ott of Rockport, the latter having a master's interest.

Schooner Bertha E. Glover, Capt. Frank C. Parr, parted chains and went ashore at Vineyard Haven where she is a total loss; crew saved. The vessel started leaking and the cargo took fire.

Schooner Addie E. Snow, Capt. Percy Brown, went ashore at Race Point, Cape Cod, and is a loss. The Addie E. Snow was bound from St. Helena with stone for New York.

Schooner King Philip, Capt. Alphonso A. Duncan, bound from Baltimore to Portland, with coal, is a total loss with captain and crew. Wreckage was washed ashore near Highland Light. The crew is thought to have comprised 11 men, including Capt. Duncan, two mates, engineer, cook and six men before the mast. The vessel was owned by the Consolidated Coal Co. of Baltimore.

Schooner Samuel C. Hart of New Bedford from Bluehill and Stonington, for New York, cargo granite, was fouled Saturday night while anchored in Provincetown by several unknown vessels. She had bowsprit and all headgear carried away and sustained other damage; vessel light.

FILE YOUR CLAIM NOW

Ex-Service Men, With Compensation Claims Are Reminded of Five-Year Law.

Ex-service men who believe they have claim for compensation, medical care and treatment from the government are urged to file their claim immediately under the War Risk Act governing the filing of disability claims within five years from date of discharge from service, according to an announcement made by E. O. Crossman, district manager of the U. S. Veterans' Bureau in District 1.

As hundreds of World War veterans in this and other sections of the country were discharged from service shortly after Nov. 11, 1918, government officials are anxious to inform veterans, unaware of the five-year law, of their right to apply for government aid before the time limit expires.

There is an exception to the above law, which allows an extension of one year further, if the veteran can show that his failure to file a claim during the five-year period was on account of his physical or mental condition. In such cases where neglect to file a claim within the specified period can be substantiated as being due to the claimant's physical or mental condition through affidavits or medical statements satisfactorily, the extension of one year over the five year period will be allowed.

Veterans who have not yet filed a claim within the stipulated period and who believe that they incurred a service disability, are encouraged to file their claim immediately at the nearest local or sub-district office of the Veterans' Bureau in this district. If a veteran has not filed a claim within the prescribed period or fails to furnish necessary evidence to obtain an extension of one year as required, he has no right to compensation, medical or surgical treatment, under the present law.

NEWBORN TO SELL

Former Knox County Boy Will Disappear Of All His Horses—About Harry Lee.

Milton's turf gossip in Saturday's Bangor Commercial contains two items which will particularly interest Knox county readers.

"Which Newburt of Boston, Maine bred, and racing his horses annually for a few weeks in Maine is to sell all his horses including Eva Frisco 2:12 1/4, by San Francisco; Talmena 2:13 1/4, by Atlantic Express; Dewey the Great 2:14 1/4, by Lord Dewey and Helen Scott, 2:14 1/4, by Peter Scott as he wants stable and two seconds variation is not much in a bunch of four horses. Mr. Newburt's usual method of procedure has been to go to Thomas W. Murphy, tell him what he wanted and laying down a check.

"Of starting judges, who are capable of filling that arduous position, there were never so few as at the present time and not a few of those ambitious to say 'go' to the trotters and pacers have apparently decided they were not 'called.' Harry Lee of Augusta dropped out of the game some years ago but suffered a relapse last season which pleased the horsemen so much he is likely to be in demand a lot for the season of 1924. No man in Maine has anything on him at the bell rope and not more than one who has come from outside the state excels him and that one if we must call names is Chester Pike who started at Central Maine Fair and the big race at Bangor. Mr. Lee used to drive horses in races formerly and there is something in it helps any man who aspires to the role of starting judge.

AUTOMOBILE LICENSES

Closer Consideration Will Be Given To Mental and Physical Defects.

Secretary of State Frank W. Ball has sent a communication to all clerks and employees of the automobile division of the department directing them to carefully scrutinize each application for an operator's or chauffeur's license before issuing the license.

"The closest consideration should be given to question number 13, 'Have you any mental or physical defects?'" says Secretary of State Ball in the communication.

"Should the answer to this question be anything different than 'No' you will refuse a license and inform the applicant that his application will be presented to the secretary or his deputy, for decision.

"Even should the answer to question number 13 be 'No' and it appears to you from observation of the applicant that he may have mental or physical defects, you will in that case observe the procedure noted above and refuse the license.

"You should give special attention to the answer to question number 11, 'How many miles have you operated a motor vehicle?' If the applicant has never operated a motor vehicle, the application should be referred to the secretary or deputy for decision."

Those small ads in The Courier-Gazette are read by every body. That is why they are so popular and effective.

WATERMAN'S BEACH

Uncle Charlie Gets His Whiskers Cut and Picks Up Lots of Gossip.

Saturday, Nov. 24.—We are having fog showers today. Not much teaming on the road.

I was down to get George Snow to trim my beard and to get the latest story that the boys bring in from the bush and bramble. George is just getting the best of that left-over whooping cough. I met Reuben Maker, John Munroe, Fred Rackliffe, Harry Cowing and Mr. Jones in or on the way to the barbershop, it being too damp for anybody to do much business at home.

George had a message for me from Francis Grant of Boston. Frank says, "Tell Mr. Godfrey half of the good people of Boston were sorry that he had that sick spell and they miss his letters in The Courier-Gazette." I was to have to give Frank a little leeway on some of his sayings, as he depends upon the Waterman's Beach letters to keep him from walking down to White Head two or three times a year. Frank's sister at South Portland is nearly as bad for news from her old home as Frank is. She and her husband made me a call last summer and they both declared they were disappointed when I cut out a letter.

It is an easy thing to drop one a postal card or send a little reminder to the fellow behind the pencil. If you really enjoy him, however, the post week I have had kind words from as far as St. Thomas, V. I., and as near home as Pleasant Point, Maine, and George Snow says there is an old lady on the George's River road who often enquires after me and wanted George to tell me she always looks for my letters. From St. Thomas with date of Nov. 11, C. P. Morrill wrote he was sorry to hear I was under the weather.

A number of people who knew the Humphrey Richards family that lived down near the Snow plant at the South-end in Rockland often ask me about them. I had a letter last week from my sister Jennie (Godfrey) Richards of South Medford, Mass., telling me about the death of Lester L. Brett, which took place at the Plymouth County Hospital at South Hanson, Mass., in his 30th year. Young Brett married Ada, daughter of Humphrey Richards, Jr. Shortly after they were married he went overseas with our boys and served 17 months, where he got broken down in health, which caused his untimely death. He left a widow and two children. Young Brett was the only child of Fred W. and Nellie (Simmons) Brett. The parents take the death of their boy very hard. The widow and children will live in the Brett family. Humphrey Richards,

senior, died a number of years ago. Humphrey, Jr., has a large family, one son married. They reside in Brockton, Mass. Humphrey's brothers, Charles and John live near him. Their sister lives in Medford and their mother lives with her.

Sunday afternoon—a little damp yet, but signs of colder weather. Yesterday a big car stopped me on the road and inquired for the State road to Bath. I informed them that they were on the town road to Spruce Head. Two fine appearing men were in the car and a young man had the wheel. They tacked ship and were heading north the last I saw of them.

Some kind of a thief got three of my spring pullets last night—enough to make a nice dinner. With the garden bushes and three or four different kinds of four-footed animals to fight and with the high price of grain, the farmers surely have a big task to make both ends meet.

The woods are full of gunners, but I don't see them bring out much game. I figure they drive the small game out of the woods and it locates near our hens, to keep out of sight of the dogs.

The boys are getting some smelts out of Bassick's brook and I am inclined to think the fishermen are still getting some herring. Here's hoping that November will pass out as mild as it has been up to date.

Eggs bring any kind of a price you ask for them. I haven't seen a dozen at one time for over a month. The water glass eggs are in good demand at five cents each, even here in the country.

Uncle Charles doesn't get down to the village very often these days, so you must not look for up-to-date news items.
